

## 5.2.2 Quality Policy Statement

# Quality Policy Statement

Critical I/O's commitment to our customers is to be the industry leader in Advanced Storage Solutions and Embedded High Speed Networking Products. We take pride in customer satisfaction as a result of the products we design and build. The quality of these products is a reflection of us as a company, and therefore Critical I/O commits to having employees that are trained, competent, and committed to maintaining customer satisfaction by providing products that fulfill customer requirements. We are committed to continual improvements by measuring the effectiveness of our Quality Management System, Quality Objectives, and Risks and Opportunities.

A handwritten signature in blue ink, appearing to read "John Staub", written over a horizontal line.
